Baked on a stone hearth, Celtic Sandwich is the ideal choice for sandwiches with a gourmet touch. Its distinctive longitudinal scoring and rustic appearance give it character and a highly attractive look, designed to stand out from the crowd. It features a golden, crispy, lightly floured crust and a soft bite, making it both easy and enjoyable to eat. Thanks to its high hydration, it offers a more elastic and open crumb structure, resulting in improved freshness and an outstanding eating experience. It can be enjoyed perfectly once thawed or, for an even crispier texture, after just 2 minutes in the oven or toaster. Ideal for premium sandwiches or toast creations topped with avocado, hummus, or roasted vegetables.
