KOSKOR SEEDS READY

The perfect blend between Koskor and Zereal+. A bread full of volume and bursting with color! The Koskor 90 Seeds is a high-quality ready bread, ready to enjoy after a simple defrosting, with no baking required. Its distinctive pointed shape, reminiscent of a “koskor,” and its rich seed content make it a visually and sensorially unique product. The recipe combines a rich mix of seeds and cereals — brown flax, sunflower, oats, sesame, rye, and poppy — topped with a generous seed coating that enhances its identity. The result is a bread with a colorful, moist crumb and a crust full of contrast, thanks also to the presence of toasted malts that bring unique aromatic and flavorful notes. Ideal as a side for gourmet dishes, premium sandwiches, or toasts topped with avocado, hummus, or roasted vegetables.
